   b. State is so big that it would be easier to get together by region, in addition to regularly scheduled large meetings

4. Member Tool Box
   a. Joe Kvoriak is taking lead and will be reaching out to members for documents to populate the toolbox; some docs already there to check out
   b. Website navigation – in order to access members only area, you must create a profile on the website; once you submit for a profile you will receive a notification email that you have been approved and have access to the members-only section
   c. Working on how to create a member stats database on the website that is searchable and a way to easily find other similar venues that you can reach out to for booking routing, policy questions, etc
   d. Member forum is live- but would a private Facebook group be better for member communication?
      i. We need to email out the forum login, profile, and posting directions
      ii. Need feedback on the process for member forum from membership – does this work for you as currently set up?
      iii. What are the email options on the forum? Do you get an email every time someone posts, or only if you start a thread or post on a thread? Don’t want to overwhelm inboxes

5. Program Routing Options
   a. Could we have a comprehensive calendar option on the website to:
      i. Help with routings in the state
ii. Be a place that people can go to see who has what once seasons are set and know where to go to see things/reach out with questions about quality, price, etc

iii. How would we get info into it? Use Google platform?

iv. Look at Rocky Mountain Consortium calendar (Woody used in past, worked well)

v. What to put on it? Tentative vs. confirmed, ticket prices, date, time, genre?

vi. Would be dependent on people updating information – would need monthly reminders to update

vii. Need a moderator to push reminders and updates

viii. Board will discuss and figure out how to make this happen

6. Dates for 2020 are set
